

Castaic Area Multi-Use Trails Plan

GENERAL PUBLIC OUTREACH MEETING

The purpose of the public outreach meeting is to introduce the project and gain valuable feedback from trail users and the community. The Castaic Area Multi-Use Trails Plan will act as a framework to encourage and promote the expansion of the multi-use trail network and recommend improvements to the existing trails in the study area. Please join us!

Please note a series of public meetings are scheduled, refer to the Study Timeline on the Fact Sheet for more information.

When:

Thursday, August 20th, 2015

6:30 PM - 8:30 PM

Where:

**Castaic Library –
Community Room**

**27971 Sloan Canyon Road
Castaic, CA 91384**

Free Parking

or **Mr. Zachary Likins, Department of Parks and Recreation at ZLikins@parks.lacounty.gov.**

Pursuant to the American with Disabilities Act (ADA), the County of Los Angeles Department of Parks and Recreation has designated an ADA Coordinator to effect compliance with the non-discriminatory provisions of the ADA. Upon 3-day request/notice, sign language interpretation and related materials in alternative formats (Braille-transcript, large print, audio-record, video captioning, etc.) or any other accommodations are available for County sponsored activities and events.

For more information you may contact the ADA Coordinator's Office at (213) 738-2970, TTY (213) 427-6118, Fax (213) 738-8398.

Castaic Area Multi-Use Trails Plan

Fact Sheet

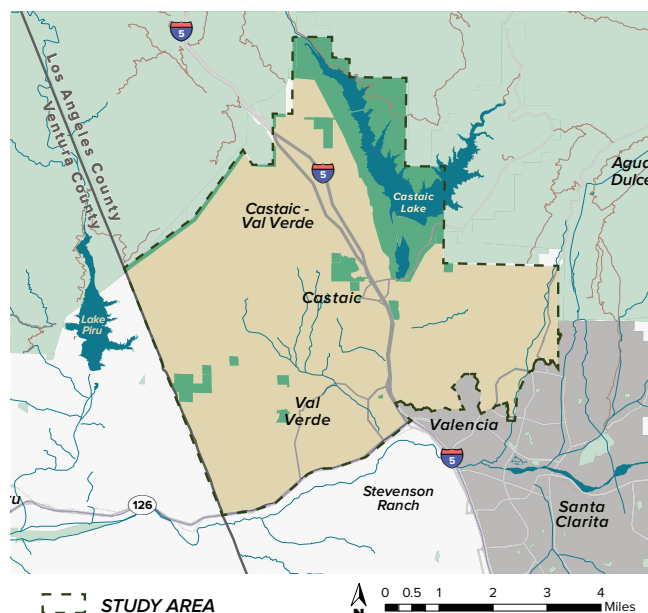

Overview

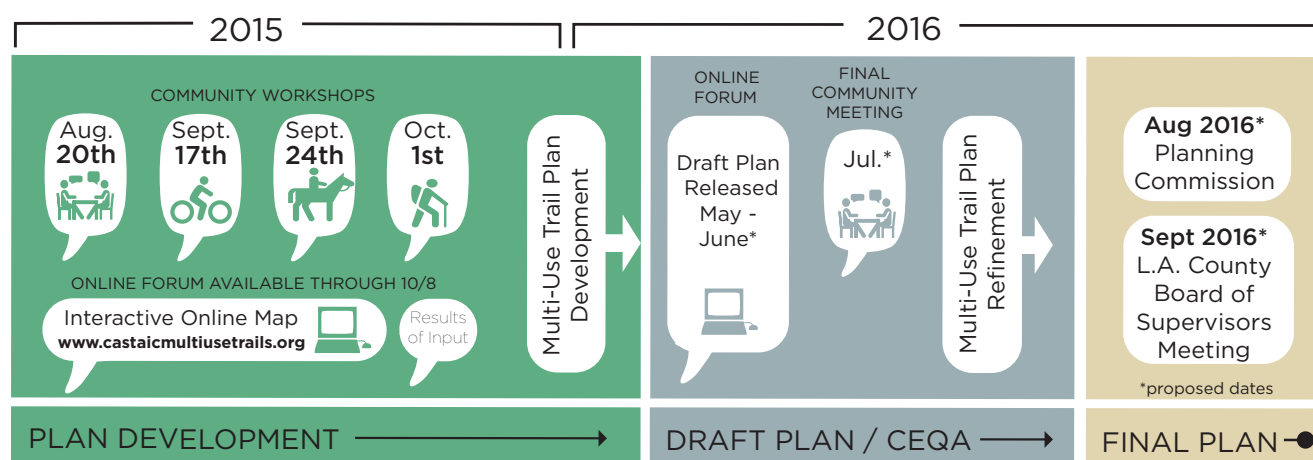

At the direction of Supervisor Antonovich, the County of Los Angeles Department of Parks and Recreation is proposing the creation of the Castaic Area Multi-Use Trails Plan. The study area, which encompasses approximately 76 square miles in the Castaic area, is bound by the Angeles National Forest to the north, the City of Santa Clarita to the southeast, Highway 126 to the south, and Ventura County to the west.

The Castaic Area Multi-Use Trails Plan will guide future trail development and recommend improvements to existing trails. The Plan will provide trail users and local populations with seamless transitions throughout the proposed study area to trails of adjacent jurisdictions and prime destinations within and adjacent to the study area. The goal of the plan is to create a trail system that is compatible with adjacent land uses and environmental resources while incorporating safe and sustainable design. The overall work efforts will include a trail plan and associated California Environmental Quality Act documentation.
